Forecast For Wales
Issued by Met Office Exeter
at 1600 on Sunday 05 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Winds slowly easing with sunny spells developing, but feeling chilly.

This Evening and Tonight:
Dry and cold with clear periods this evening. Winds falling light. Temperatures rising later as cloud and freshening southerly winds bring rain and possible hill snow from the west during the second half of the night. Minimum temperature -1 deg C (30 deg F).

Monday:
Cloudy with occasionally heavy rain during the morning. This clearing to brighter skies by lunchtime with sunny spells and blustery showers during the afternoon. Becoming windy with local coastal gales. Maximum temperature 10 deg C (50 deg F).

Outlook for Tuesday to Thursday:
Very windy with gales or severe gales likely on Tuesday and further heavy rain followed by showers. Staying unsettled and cold on Wednesday and Thursday with strong winds and showers.
